With a valid FEI passport, it is possible to issue a 30-days TRACES document at your own stable. On this document you can legally travel your horse for 30-days through Europe.

Make sure place of dispatch and destination is the same and that you list all transit countries on the TRACES document, so that you can legally travel through all Europe countries as desired.

When owning this document, you no longer need to request separate TRACES from the Dutch state vet at Ermelo.

Check this information with your own VET as well, the rules are not the same in all European countries. For more information you can contact Horses2fly directly.
